

# Coaxial Vacuum Hose Assemblies

## For Dynabrade Vacuum Systems

See Page 41 for Electric Models 61300 and 61301

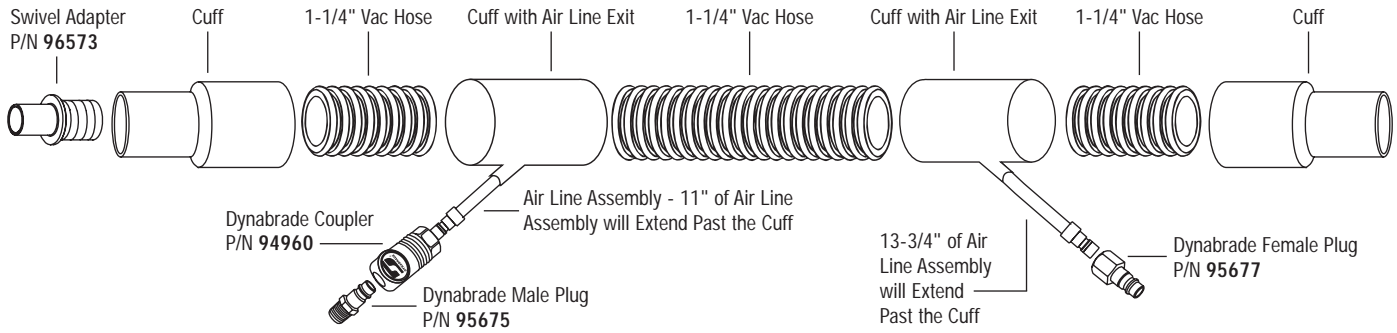

**94941**

1-1/4" x 20 ft.

- Includes everything as shown below.
- Air line is inside of exhaust hose for ease of use and convenience.

### Compared To The Competition:

- 2 - 4 ft. longer.
- 2 lbs. lighter.
- More flexible exhaust hose.
- 66% lighter airline – see below on this page for specific details.
- Added features of the swivel adapter, Dynabrade's button-release coupler.

## Flex-Hose Air Line

- Abrasion resistant.
- For use on air tools and spray equipment.
- Two-thirds lighter than PVC/rubber-type hose.
- 290 lbs. working pressure. 870 PSI burst strength.

**LIGHTWEIGHT,  
TOUGH AND HIGHLY  
FLEXIBLE!**
