

Dynabug® Orbital "Jitterbug" Sander

- Great for blocking on flat surfaces. Smooth and quiet operation.
- 10,000 RPM, rear exhaust, adjustable speed control.
- Spring clips hold sandpaper securely.

Non-Vacuum

- 3-2/3" x 7" abrasive sheet fits pad area. Use 3-2/3" x 9" paper when securing the paper to the built-in clips.
- Includes premium 57850 PSA Pad.

Model 10170 3/32" Orbit **Model 57800** 3/16" Orbit

Central Vacuum

- Includes premium 57855 PSA Pad.
- Ready to connect to your central vacuum system or shop vacuum.

Model 10174 3/32" Orbit **Model 57804** 3/16" Orbit

Optional Punch Plate

Part No. 57476

- 3-2/3" x 7" Punch Plate for converting non-vac to vacuum paper.

NOTE: Self-Generated Vacuum Model (57801), 3/16" orbit only, also available.

Model Number	Motor hp	Motor RPM	Air Flow Rate CFM/SCFM	Hose Size	Air Inlet Thread	Air Pressure PSIG	Weight Pound	Length Inch	Height Inch
10170 / 10174	.25	10,000	2/16	1/4"	1/4" NPT	90	2.75	7-1/4	4-1/4
57800 / 57804	.24	8,000	2/16	1/4"	1/4" NPT	90	2.8	7-1/4	4-1/4

Dynabug® II Orbital Finishing Sander

- A small tool that's big on performance. 3/32" orbit with 10,000 RPM.
- Premium urethane hook-face pad included on all models.
- Designed for efficient finishing of composites, fiberglass, painted and metal surfaces.
- Lightweight and compact. Rectangular pad sands deep into corners where orbitals can't touch.
- Central-vacuum models have 1" vacuum port. Ready for external vacuum source.
- Replacement and PSA pads on page 58.

Non-Vacuum

Model 10280

- 3" x 4-1/4" pad.

Model 10283

- 3-1/4" x 5" pad.

Loop Face Pad

Part No. 56324

- Compatible with reverse hook 'n loop abrasives.

Central Vacuum

Model 10282

- 3" x 4-1/4" pad.

Model 10285

- 3-1/4" x 5" pad.

Model Number	Motor hp	Motor RPM	Air Flow Rate CFM/SCFM	Hose I.D. Size Inch	Air Inlet Thread	Air Pressure PSIG	Weight Pound	Length Inch	Height Inch
